

LaMoure County Water Resource District Special Meeting Friday, July 31, 2020

At approximately 8:00 a.m. Chairman Kerry Kettering called the special meeting to order with the following board members present: Nathan Nitschke, Bobby Frauenberg, Co-Secretary/Treasurer Jan Hamlin. Attending virtually were board members Glenn Haugen, Jason Gross, Water Resource District Attorney Kim Radermacher. Also attending were Lexi Schweich Arlen. Absent were Co-Secretary/Treasurer Shanel Bohnenstingl.

After review of the Scott Schrader's application to install 3 different subsurface water management systems, Mr. Frauenberg made a motion to approve the application, seconded by Mr. Nitschke. Motion carried.

Richard Zundel's application for surface drain was reviewed by the state and it was determined that there is no state-wide water significance and the application has now come back to be approved by the local water board. Mr. Gross made a motion to approve the application, seconded by Mr. Nitschke. Motion carried.

The board discussed Bev Anderson's complaint regarding section 3 in Litchville township. The complaint states Arlen Bonde drains his land onto Mrs. Anderson's land and the water has nowhere to go and is negatively impacting trees, buildings and cement. Mr. Bonde asked when this allegedly took place, the complaint states October 2014. An investigation will be launched in order to determine a cause. It was also discussed that the board will request a new map to show what is being affected, on who's property and how water is currently being drained, once received, the complaint will be readdressed at that time.

The board discussed a request from Dakota Valley Electric for drainage of highway right of way. Kim Radermacher also represents Dakota Valley Electric and explained that there is a lot of water being held at the Dakota Valley Electric warehouse parking lot in Edgeley. They plan to drain tile the parking lot and are requesting any potential drainage flow be permitted to flow into the right of way. The water resource district has signed off on the project at the bottom of the application. Mrs. Radermacher explained that the board does not have to "approve," but rather sign off as part of the process. Mr Nitschke made a motion to sign off on the project as part of the process, seconded by Mr. Frauenberg. Motion carried.

The next meeting date is to be determined.

Meeting adjourned at approximately 8:20 a.m.

Approved this 21st Day of September, 2020

Kerry Ketterling, Chairman

ATTEST:

Shanel Bohnenstingl, Co-Secretary
