

LaMoure County Memorial Park Information & Policies

The LaMoure County Memorial Park campground will open one weekend before Memorial Day weekend and close the 3rd week of October in a normal year. (Weather and flood situations may change this.)

Most all electric pedestals contain: One 50-amp circuit, two 30-amp circuits, and one 20-amp circuits, so they can accommodate up to 4 campers.

The park kitchen, canteen, auditorium, cabins and park caretaker's house are all available for rent. Contact the LaMoure County Auditor's Office for availability and to make reservations.

Contact the park manager, Kevin Shockman, at this phone number 701-320-0447 for all campground registration requirements and questions.

NOTE: Nonpayment of camping site fees, or failure to follow park camping policies, will result in the disconnection of electricity at the pedestal and may result in permanent banishment from camping at the park. Anyone in violation of any park policies may be asked to leave the park, and they will forfeit all camping or rental fees already paid.

The following camping and park use policies have been established by the LaMoure County Commissioners and LaMoure County Memorial Park Board:

SEASONAL CAMPING

1. Current rates are \$700 per season per camper. Each site includes water and electricity but not sewer. A sewer dumpsite is located in the park. Sewer dumpsite is free. The season runs from the weekend before Memorial Day through October.
2. All seasonal campers are required to register with the park manager for site approval. Payment is required before May 15th for returning seasonal campers and before parking a camper at a site for new seasonal campers. Mail checks to LaMoure County Auditor at PO Box 128, LaMoure ND 58458 (701-883-5201 ext. 2 or 701-883-6040). Or give payment to the park manager.
3. Electricity will not be provided until payment in full is made.
4. Seasonal campers are permitted in designated seasonal camping areas only. Sites 25 through 42 are designated as seasonal camping sites.
5. No seasonal campers are allowed on sites 1 through 24, which are designated for weekend campers.
6. No partial prorated payment of seasonal camping is allowed.
7. A maximum of 20 total seasonal campers are allowed at the park. After the limit of 20 is reached there is a waiting list on first come basis.
8. Seasonal camping electrical pedestals are considered at capacity when two seasonal campers are using one pedestal. Exceptions to allow a 3rd seasonal camper on a pedestal are granted if approved by the park manager.
9. Open pedestal electric hookups in seasonally dedicated camping areas must be made available to short-term and weekend campers at all times (mostly during holiday weekends and special event weekends when park camping can reach capacity).
10. Seasonal campers can share their electric pedestals with family/friends as weekend or short-term campers. Regular nightly rates will apply to these campers.
11. Returning seasonal campers have priority for reserving the next season over those who did not seasonally camp. Early payment is highly recommended. Registration with the park manager is required. If this is not done by park opening date (usually May 15th) your site is subject to forfeiture. Please contact the park manager early.

WEEKEND CAMPING

1. Currently rates are \$25 per night per camper. Payment and registration are required at the registration box located across the street from the park house and shop.
2. Electric pedestal sites 1 through 24 are designated as weekend camping sites.
3. A weekend is considered Thursday night through Sunday night.
4. Weekend camping sites are on a first come basis.
5. All weekend campers are encouraged but not required to register with the park manager for availability and site selections approval. This is especially important on all holiday weekends and special event weekends such as the Hot Rodders Car Club weekend the 2nd weekend of August.
6. Weekend camping groups of 2 or less cannot reserve. Camping groups of 3 or more campers can reserve, also on a first come, first served basis. All camping groups, including singles, are encouraged to call the park manager so all efforts can be made to secure sites for the weekend.
7. All sites marked "Reserved" are not available.
8. Groups of 3 and 4 campers are expected to share one electric pedestal whenever possible. At least 3 and up to 4 campers can be put on all electric pedestals (depending on electrical requirements of campers, etc.).
9. Weekend camping singles and double campers can expect to share an electrical pedestal with others, especially on holiday weekends and special event weekends when the campground approaches capacity. Please share the park!
10. Unused or open pedestal sites in the seasonal dedicated camping areas are open to weekend campers on holiday weekends and special event weekends when camping sites approach capacity. Please confer with park manager.
11. All weekend campers deciding to stay for more than one weekend or more than 4 nights must register with the park manager for site approval. After one weekend or more than 4 nights stay, you will be considered a short-term camper. Nightly fees remain the same at \$25/night. See short-term camping policies.

SHORT-TERM CAMPING

1. Short-term camping is camping for more than one weekend, camping during the work week, or camping for 4 or more consecutive nights. Rates are the same as weekend camping rates which is \$25/night.
2. All short-term campers are required to register with the park manager for site approval.
3. Short-term camping is allowed (when available) in the weekend dedicated camping area (sites 1 through 24) when approved by park manager for up to 10 consecutive nights. This may not be possible over holiday and special event weekends. Again, please confer with the park manager.
4. Short-term campers will be required to move into open sites in the seasonally dedicated camping areas (sites 25 through 42) or overflow sites after 10 nights camping. There will be a limit on short-term campers (when all seasonal sites and overflow sites are filled).
5. No short-term camping for more than 30 days is allowed without approval from the park manager (and is subject to site availability).

NOISE

Please be courteous to your camping neighbors. At no time may the noise at the park create a disturbance or interfere in any way with other people's enjoyment of the park.

USE OF GOLF CARTS AND ATV'S

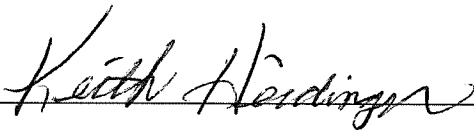

Use of golf carts and ATV's on park grounds by minors without a driver's license is prohibited. Golf carts and ATV's must remain on paved roads and not exceed the 10 mph speed limit.

FIRES AND FIREWOOD

Fires are allowed in fire rings and grills only. Do not leave fires unattended, and put out all fires before leaving and before retiring for the night. Please do not burn garbage, plastic, glass, cans or other recyclable items.

WASTE WATER

Please collect and dispose of dish and handwashing water at a sanitary dump station or in a campground toilet. Do not dump this gray water on the ground.
