

**Mitigation planning and actions break the cycle of disaster damage, reconstruction, and repeated damage. Please help us review and prioritize Hazards in LaMoure County and how we can mitigate against them.**

1. When thinking of **Natural Hazards** that could affect LaMoure County, select the top 3 from the list below.

Severe Summer Weather	
Landslide/Debris Flow	
Severe Winter Weather	
Windstorm	
Flooding	
Drought	
Wildland Fire	
Communicable Disease	
Space Weather	

2. When thinking of **Technological Hazards** that could affect LaMoure County, select the top 3 from the list below.

Urban Fire	
Transportation Incident	
Civil Disturbance	
Cyber Attack	
Criminal Terrorist National Attack	
Hazardous Material Release	
Dam Failure	
Shortage/outage of Critical Material	

3. Many activities can reduce risk (mitigate) from natural hazards. Check the box that best matches your opinion of the following strategies to reduce risk and loss associated with natural/technological disasters.

	Strongly Agree	Agree	Neutral	Disagree	Strongly Disagree	Not Sure
I support implementing government rules to reduce risk						
I support policies to prohibit development in areas subject to natural hazards						
I support use of local tax dollars to reduce risks and losses from natural disasters						
I support protecting historical and cultural structures						
I support improving the disaster preparedness of local schools						
I support a local inventory of at-risk buildings and infrastructure						
I support disclosing of natural hazard risks during real estate transactions						
I support steps to safeguard the local economy following a disaster						
I would be willing to make my home more disaster-resistant						

4. When thinking of mitigation, which of the following statements are important to you.

	Very Important	Somewhat Important	Neutral	Not Very Important	Not Important
Protecting private property					
Protecting critical facilities (e.g., roads, school, fire/EMS buildings)					
Preventing development in hazard areas					
Enhancing the function of natural features (e.g., streams, wetlands)					
Protecting historical and cultural landmarks					
Protecting and reducing damage to utilities					
Strengthening emergency services (e.g., law enforcement, fire, EMS)					
Disclosing natural hazard risks during real estate transactions					
Promoting cooperation among public agencies, citizens, non-profit organizations and businesses					

5. How many years have you lived in LaMoure County? \_\_\_\_\_
